

Camelot City Guide by Dominic Emerson

Camelot

Do you want to get a better job? Do you want to live in your new favourite place? You'd be crazy not to say 'yes'. Camelot is for you our leader is King Arthur, who effortlessly pulled the sword from a stone. If you want to have fun Camelot is where you should go. There is also silent Shalott as well if you head up the river. However, there is one voice though – the incredible fairy with the voice of an angel.

Law and Order

As you know King Arthur is our ruler and makes fair decisions for the city. The punishments for any sort of crime are brutal but don't worry this rarely happens since Camelot is a safe place. For pickpocketing a man's hand will be chopped off. I know that sounds scary but the reason the punishments are so harsh is to make Camelot a safer place because I doubt you want any punishment. Here is a list of offences and punishments.

- Quickly move out of the way to let King Arthur through. Never disrespect him or you will be disrespected with the pain of death
- Kidnapping will result in swimming in the grim water full of waste products, get a disease and most likely die. If not God is on your side and you are innocent.
- Worst of all: 2 illegal acts results in getting every single part of your body chopped off

Shalott

Shalott is just up the river from Camelot for those who want to live in a quieter place. In this small village is a castle with 4 large towers. At the bottom is lots of roses with an incredible scent covering the area. Around the castle are fields where churls work.

As we all know about the fairy singing her sweet songs from the top of the castle people even fall asleep! Don't believe me? Come listen for yourself?

Aristocracy

The aristocracy are the kings and knights so pretty much the most important people of Camelot. If you want to see a knight come watch them joust and you could see the king too, and even buy a seat to sit next to him. Watching them joust is fun and entertaining, you can see the famous Sir Lancelot.

The River

Shallops roam the river of Camelot, which is a way of transport. There are warning signs not to swim in the river because there is lots of waste products in the water and it wouldn't be pleasant to swim in. Swimming is encouraged but I advise you do it by Shalott.

Burghers

The burghers are the middle class who are very skilled people because there is lots of successful businesses to be part of like Fingles Fried Chicken, Micky Macky Boo Bar Burgers, Carls Carpenters and Hunters House Building. King Arthur's palace was actually built by Hunters House Building, so I'm pretty pretty sure you could earn a good amount of money for a better lifestyle.

In conclusion Camelot is the best place in the world to move to for a life full of fun.
