

How to play Hoop Ball

Introduction

Hoop ball is a very popular game in the Kraken bubble; almost the whole class play it. Once there were 6 boys on the playground and they had hoops. All of a sudden a ball came rolling over and one of the boys stood up and hit it with his hoop. All the boys thought that would be a great game to play, so they split into 2 teams and started to play. After they found they enjoyed it they introduced it into their break times and also invited some of the girls. This game is played on the Liss Junior School playground. We don't suggest to play on a field. The game is like this.
